GCC 1 — 2

6 — GCC 4 — Door Coverage

- Works in CW from pre-take off until end of Bar Service.
- Assists with meal delivery in WTP/WT.
- Assists in CW for breaks.
- Works in either CW or WTP/WT for second service at the discretion of the IFM.
- If WTP/WT load is under 100 customers, No.6 may remain in CW at IFM's discretion, refer to CW standards when operating with 9 crew.

GCC 2 — 3 — BD / IFR*

7 — GCC 3 — CF/FS — Door Coverage

Operating with 9 crew?

Inflight Lead 4 — WTP

8 — PA — Door Coverage

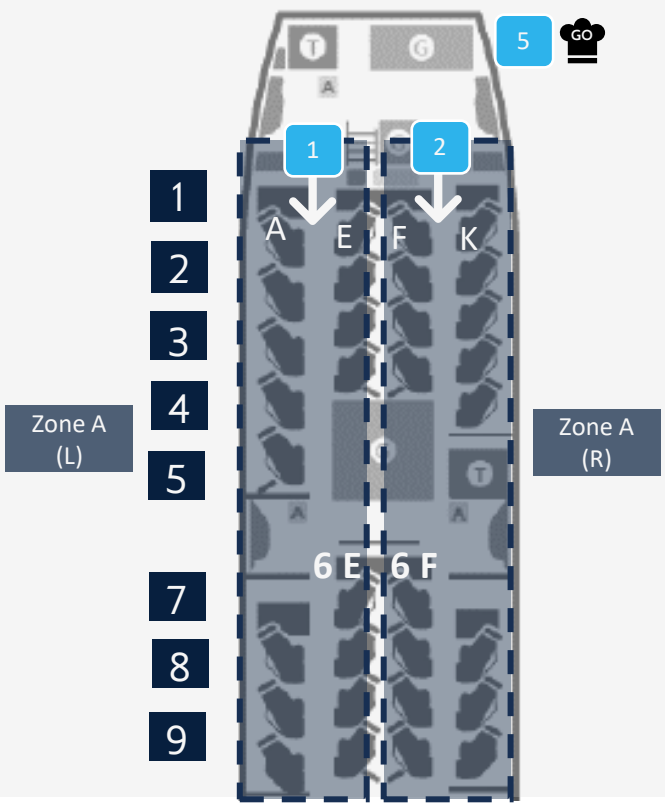

Pre-departure

No. 6 should complete pre-departure service on behalf of No. 1.

Pre-departure, Bar & Meal Services

	No. 1 Zone A (L)	No. 2 Zone A (R)
First	**1 A/E**	**1F/K**
Last	**9 A/E**	**9 F/K**

No. 6 to assist with Zone A (L) for hot towels, landing documentation & bar service. **No. 5** prepares drinks to assist no.1 & no. 2.

NOTES

To support the IFM during initial stages of the cruise, No. 6 should assist with the bar service and move to work in WT/WTP for meal delivery.

The No. 6 works in either CW or WTP/WT for second service at the discretion of the IFM.

For loads of less than 100 across WT/WTP, the No.6 can remain in CW. Follow CW standards for when operating with 9 crew.

Customers travelling with a companion in the centre seat should be served consecutively or together.

Goodnight Differences

ALL 'DAY SERVICE' PRINCIPLES APPLY WITH THE FOLLOWING DIFFERENCES:

PRE TAKE OFF

DURING BOARDING

- Menu distribution, signposting beverages & dining options.
- Time permitting, establish post take off preferences:
  - **Maximise Rest –** Note 'Do Not Disturb' and wake-up preference
  - **Night Cap –** Nightcap choice
  - **Express Dine –** Starter, dessert, water preference, beverage to accompany their meal
  - **Dine –** Aperitif, starter, main course, water preference, beverage to accompany their meal

AFTER TAKE OFF & BAR SERVICE

- Complete any outstanding orders.
- Serve in normal flow order within the zone
  - **Night Cap** – Serve selected beverage
  - **Express Dine** – Serve tray with starter, cold dessert, and beverage; pour wine per ritual
  - **Dine** – Serve aperitif and beverage; deliver meal tray after drinks service
- Promptly clear in 'Night Cap' beverages / 'Express Dine' trays & **note customer wake-up preferences**.

1ST MEAL SERVICE

Replenish beverages regularly i.e. water, wine

For those customers wishing to experience the full dining experience, proceed with the normal 1st meal service flow.

- **Capture wake-up preferences when clearing in.**

Goodnight Differences

ALL 'DAY SERVICE' PRINCIPLES APPLY WITH THE FOLLOWING DIFFERENCES:

MID-FLIGHT

- No differences

2ND MEAL SERVICE

- Hot/ cold towels, waking up customers as agreed.
- For any customers where a wake up preference was not established, check on them periodically and offer appropriate service items depending on when they awake.
- Prepare & deliver 50 minute wake-up drinks with a pastry using clean bread basket on a drinks plate.

END OF FLIGHT

- No differences

WTP & WT Service Flow 78E

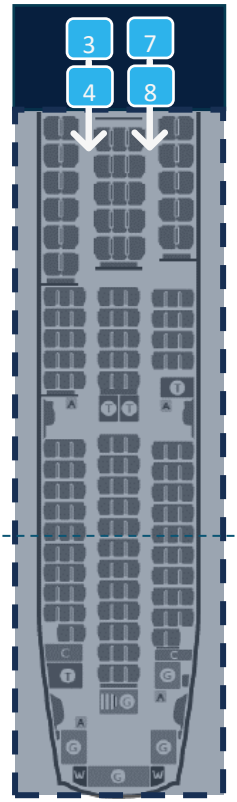

PRE TAKE OFF

DURING BOARDING

- World Traveller Plus pre take off drinks delivered by No. 4, assisted by No. 3 when released from boarding.

AFTER TAKE OFF & BAR SERVICE

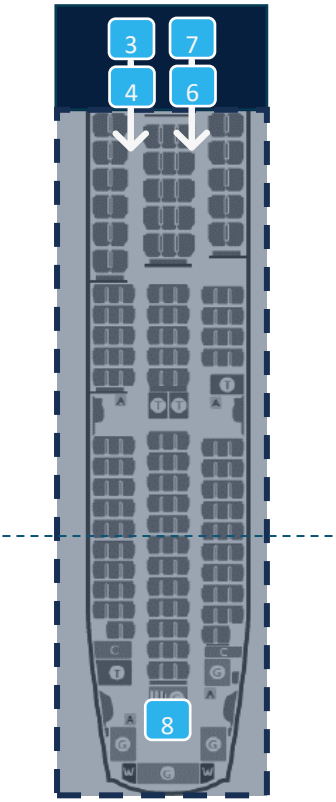

- World Traveller/Plus bar and meal service to be delivered from the front of the World Traveller Plus cabin towards the rear of the cabin.
- Two crew to operate per trolley.
- In the event of customer loads across WTP/ WT of 100 or less, the no.6 may remain in CW for all service stages at the discretion of the IFM. In these situations, this flow should be used for all service elements.

WTP & WT Service Flow 78E

1ST MEAL SERVICE

- Galley operator to split trays equally between the 3rd and 4th WT meal service trolley.
- Galley operator to prepare WTP trolleys for clear in once WT meal service commences.
- Flow to remain until 1x full WT meal trolley has been used per aisle. Based on a full cabin this will take you to approx. row 35, depicted as the dashed line on the diagram.

'World Traveller Plus Breakaway'

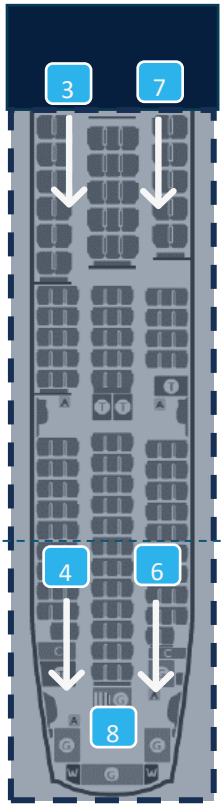

- At this natural break in the flow where a trolley swap is required, the 3/7 will return to WTP to commence clear in with tea/coffee., while the 4/6 will complete the meal service for the final WT rows.
- More details to support you with this change are on the next page.

WTP & WT Service Flow 78E

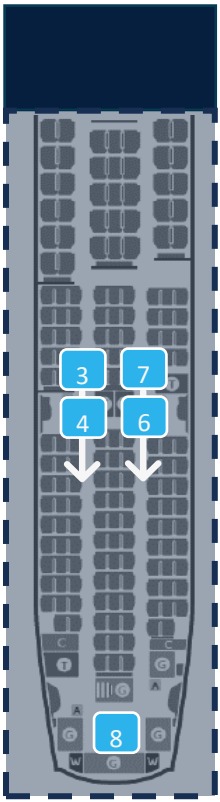

Click for more on 'World Traveller Plus Breakaway'.

1ST MEAL SERVICE

- 3/7 commence clear in from WTP with tea and coffee service. There will be room to also start clearing in WT with this trolley.
- Meanwhile, 4/6 complete the WT meal service.
- 4/6 to return meal trolleys to galley for the galley operator to dissemble.
- 4/6 to return to double ended service with 3/7 to complete clear in with tea/coffee.

In consultation with Cabin Safety, this service evaluation has been assessed so that a single crew member can operate a trolley alone. No 8 to assist with manoeuvring trolleys over the bump strips between galley and cabin at doors 4 to reduce topple risk.

The reduced number of seats in the Club World cabin (31 vs 35 on the 78B) has allowed us to introduce a cabin position (No.6) that supports between both Club World and World Traveller/ World Traveller Plus. This position supports each cabin where they need it most. In Club World, this is during the pre-take off and Bar service where the IFM is busy at the start of the flight, and in World Traveller during the meal service.

The 5th crew member in World Traveller and World Traveller Plus presents a higher-than-average crew to customer ratio. For that reason, we are looking to use this 5th crew member to allow the galley operator to support the service from the galley in a revised way. This will include preparation of the clear in trolleys for the World Traveller Plus cabin to be ready to dispatch right away when the crew get to the 'breakaway point'. They will also ensure remaining trays are equally split between 2 trolleys to support the last few rows of meal service in World Traveller.

Our World Traveller Plus cabin promises an exclusive experience and a common theme between crew feedback and that of our customers in World Traveller Plus, is time elapsed between meal tray delivery and clear in being too long. By returning to World Traveller Plus at the 'breakaway' we can ensure an elevated pace of service in this cabin, and more timely crew presence to assist with any customer needs.

If you have 9 crew operating on this aircraft, the no. 9 will assist in World Traveller Plus/World Traveller. Allowing the number 6 to remain in Club World.

Pre-departure, Bar & Meal Services

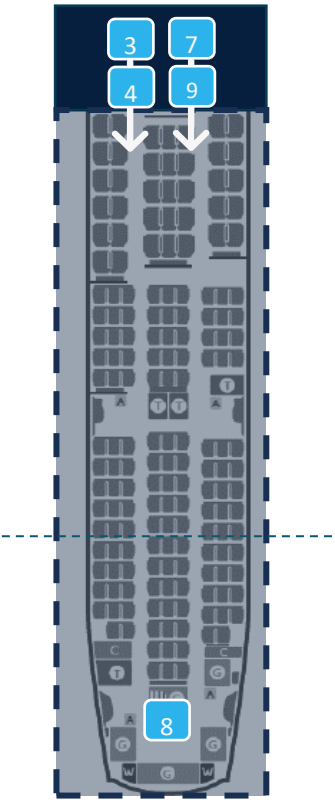

PRE TAKE OFF

DURING BOARDING

- World Traveller Plus pre take off drinks delivered by No. 4, assisted by No. 9.

Bar & Meal Services

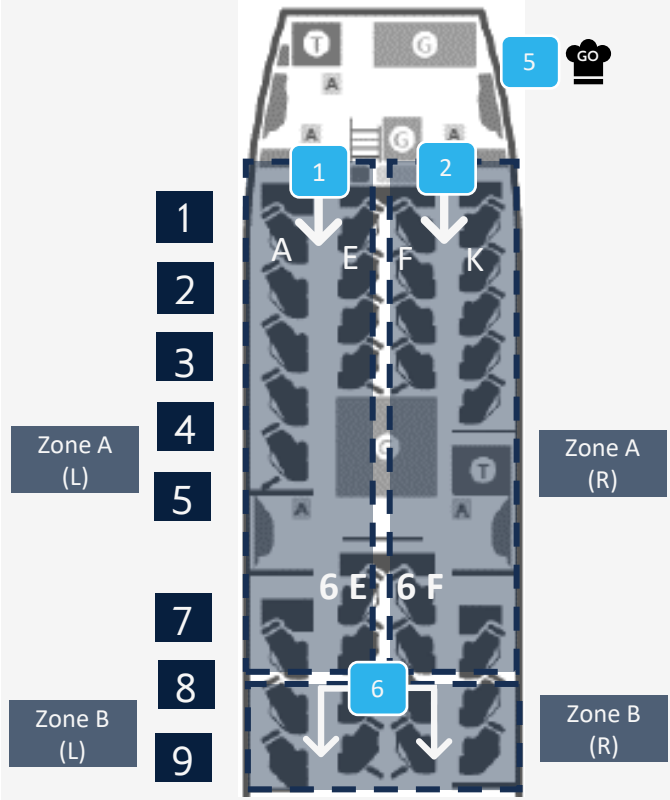

- World Traveller/Plus bar and meal service to be delivered from the front of the World Traveller Plus cabin towards the rear of the cabin.
- Galley operator to prepare WTP trolleys for clear in once WT meal service commences.
- 3/7 commence clear in from WTP with tea and coffee service. There will be room to also start clearing in WT with this trolley.
- Meanwhile, 4/6 complete the WT meal service.
- No 8 to assist with manoeuvring trolleys over the bump strips between galley and cabin at doors 4 to reduce topple risk.

If you have 9 crew operating on this aircraft, the no. 6 will assist in Club World. Information on zones below.

Pre-departure, Bar & Meal Services

	No. 1 Zone A (L)	No. 2 Zone A (R)	No. 6 Zone B (L/R)
First	1 A/E	1F/K	8 A/E
Last	7 A/E	7 F/K	9 F/K

NOTES

If IFM is required to step outside of meal service, No. 5 should assist as required.

Customers travelling with a companion in the centre seat should be served consecutively or together.
